# THE ELM CITY NURSERY CO.

NEW HAVEN

CONNECTICUT

## FALL SURPLUS LIST 1906

Elm City Nursery Co.  
2222 E. 36th Street, New York

The Connecticut Agricultural Experiment Station

Office of State Entomologist

New Haven, Conn.

### CERTIFICATE OF INSPECTION

This is to Certify that the stock and premises of The Elm City Nursery Co., of New Haven, Conn., has been carefully examined in compliance with the provisions of Chapter 122 of the acts of the General Assembly, January Session of 1901, and that it is apparently free from dangerous injurious insects and diseases.

This certificate is invalid after October 1st, 1907.

W. E. BRITTON, State Entomologist

THE NEW FERN-LEAVED STAGHORN SUMACH.

#### Fern Leaf Sumach *Rhus Typhina* var. *Laciniata*.

This remarkable variety of our native stag-horn sumach has the same rapid growth of the common form, producing the same showy cones of bright red fruit, but as the illustration will show the leaves are so beautifully formed that they rival the most delicate fern in their intricacy. This shrub will thrive on the poorest of soils with a surprising luxuriance. Every nurseryman can well afford to stock up with this desirable plant, as the park people and landscape men are getting to know its value.

See page 3 for plants

See page 4 for cuttings

# THE ELM CITY NURSERY COMPANY.

## SURPLUS LIST

Of a few surpluses in excess of our probable retail trade requirements. This stock has all been grown under the most favorable cultural conditions.

## Deciduous Trees.

## Evergreen Trees.

## flowering Shrubs.

# THE ELM CITY NURSERY COMPANY.

## flowering Shrubs.—Continued.

No.	Each.	No.	Each.
300 Astilbe Chinensis, strong field grown.....	\$ .94	340 Lychnis Viscaria var. Splendens, strong field grown.....	\$ .96
200 Astilbe Japonica, strong field grown.....	.94	500 Miscanthus Sinensis (Eulalia Japonica) strong field grown.....	.95
500 Bartsia Asteroides, strong field grown.....	.95	250 Miscanthus Sinensis var. Variegatus, strong field grown.....	.95
250 Bellisma Latissimata, strong field grown.....	.95	500 Miscanthus Sinensis var. Gracillimus, strong field grown.....	.95
250 Campanula Glomerata, strong field grown.....	.95	450 Monarda Didyma (Bee-balm), strong field grown.....	.95
200 Aster Alpinus, strong field grown.....	.96	250 Myosotis Palustris (Forget-me-not), strong field grown.....	.95
500 Coreopsis Rosea, strong field grown.....	.96	1900 Oenothera Serrulata (Evening Primrose), strong field grown.....	.93
200 Coreopsis Lanuginosa (Tickweed) strong field grown.....	.95	800 Paonia Humilis Rosea, strong divisions 2-4 eyes. Very late, clear rose, large, double.....	.10
200 Daisy Shasta (Alaska) strong field grown from seed.....	.95	400 Paonia Gigantea, strong divisions, 24 eyes. Late, deep rose, full.....	.10
500 Digitalis Purpurea (Fox Glove) strong field grown.....	.95	500 Paonia Thorbeckii, strong divisions, 24 eyes. Medium dwarf, rose pink, full form.....	.10
675 Euphorbia Corollata (Spurge) strong field grown.....	.95	1900 Paonia Rose (Single), strong divisions, 2-4 eyes. Beautiful yellow center.....	.08
1000 Funkia in variety, strong field grown.....	.95	200 Paonia Reine Hortense, strong divisions, 2-4 eyes. Tall grower, clear light rose, good form.....	.08
100 Gypsophila paniculata, strong field grown.....	.96	100 Paonia Alba Superba, strong divisions, 2-4 eyes. Early, pure white, double.....	.12
500 Helenium Autumnale, strong field grown.....	.96	1000 Paonia Elegans, strong divisions, 24 eyes. Tall, brilliant rose, fine.....	.06
75 Helenium Hoopesii, strong field grown.....	.97	2000 Phlox Subulata, Sadie, white, strong field grown.....	.04
275 Helenium Masianthum, strong field grown.....	.97	500 Physostegia Virginica (False Dragon Head), strong field grown.....	.04
250 Hemosia Laevis, strong field grown.....	.97	100 Polycnemum Caeruleum (Jacob's Ladder), strong field grown.....	.05
100 Hemerocallis Dumortieri, strong field grown.....	.97	450 Pyrethrum Roseum, strong field grown.....	.06
500 Hemerocallis Elata (Clemson Lily) strong field grown.....	.97	500 Ranunculus Repens var. Fl. Pl. (Double Buttercup), strong field grown.....	.04
200 Hemerocallis Thunbergii, strong field grown.....	.97	350 Stachys Lanata (Woody Woundwort), strong field grown.....	.05
800 German Iris, San Simeon, yellow and rust set, divided roots.....	.97	100 Stachys Latifolia (Sea Lavender), strong field grown.....	.10
2000 German Iris, Bridgeman, rose blue, divided roots.....	.98	200 Thlaspiæa Virginica, strong field grown.....	.06
250 German Iris, Edith Cook, clear yellow with russet, divided roots.....	.98	450 Ulinaria Pendula var. Fl. Pl. (strong field grown).....	.07
150 German Iris, Ernest Brinot, creamy white and royal purple, divided roots.....	.98	475 Valeriana officinalis (Garden Heliotrope), strong field grown.....	.06
500 German Iris, Mad. Chevregne, pale blue, beautifully penciled, divided roots.....	.98	250 Veronica Spuria (Amethystina), strong field grown.....	.06
500 German Iris, Queen of Espagne, old gold and rose blue, divided roots.....	.98	475 Veronica Incana (Hairy Speedwell), strong field grown.....	.06
1000 German Iris, Silver King, palest blue, early and large, divided roots.....	.98	700 Yucca Filamentosa (Adam's Needle), strong field grown.....	.07
500 German Iris, Virginal, deep yellow and rusty at purple, divided roots.....	.98		
1000 Iris Sibirica, Alba, very graceful, divided old roots.....	.98		
2000 Iris Sibirica var. Chinensis, deepest velvety blue, divided roots.....	.99		
500 Japan Iris, Drury, velvet black, divided roots.....	.99		
2000 Japan Iris, Pyramid, deep blue and rusty at purple, divided roots.....	.99		
500 Japan Iris, Purity, pure white, divided roots.....	.99		
1850 Kniphofia Alpina (Tritoma, Torch Lily) strong field grown.....	.99		
100 Lotus Corniculatus (Baby's Snuff), strong field grown.....	.99		

## Seedlings.

No.	Per 100.
300 Acer Tartarium.....	\$ 12 in. \$1.25
200 Acer Tartarium Ginnala.....	\$ 12 in. 1.25
500 Acer Pennsylvanicum.....	\$ 5 in. .90

No.	Per 100.
100 Rhododendron Kermesina.....	10-15 in. \$1.50
200 Rose Aethiopica.....	8-12 in. .75

## Rooted Layers.

These make saddle stocks one year in the nursery row, and are superior to much of the imported stock.

No.	Per 1000.
500 Akebia Quinata (Glossy Star).....	\$1.00
1000 Euonymus Radicans.....	5.50
1000 Euonymus Radicans Variegata.....	5.50
1500 Forsythia Intermedia.....	6.00
2500 Forsythia Suspensa.....	6.00

No.	Per 1000.
500 Halleria Homoeocarpa.....	\$1.50
2000 Kewra Japonica.....	4.50
1000 Kewra Japonica Variegata.....	4.50
1500 Viburnum Tomentosum.....	7.00
1200 Wistaria Multijuga.....	8.00

## Root Cuttings.

No.	Per 1000.
10000 Rhiz. Typhaea Lucidula (see illustration front page).....	\$6.00

No.	Per 1000.
500 Oculatus Arizelatus (Japan).....	\$5.00
